We hope your summer is going well. Here's a little beach reading before it ends to update you on our upcoming introduction of about **20 new designs**, including **Organics** and **t3** (tots, tweens and teens) lines. In case you missed the preview that was sent in June, it can be downloaded here in the [Casart eNewsletter](#), latest summer issue.

As you may know, in addition to my current decorative painting and murals services, I started a new eCommerce business called casart coverings. [Casart™ Coverings](#) are hand-painted, reproduced, decorative/faux finishes and murals that are repositionable, removable and reusable. For this reason, casart is a revolutionary, state-of-the-art, new type of wall covering product. Casart is art for your home and performs as [Slipcovers for your Walls](#) (also our casart blog). You can even choose to leave it on as long as you like.

Click on the butterfly to take our survey and receive a 10% discount on your order.

#### Casart™ Coverings features:

- "Magnet-like slipcovers for your walls"
- Easy, seasonal, or whenever-you-wish décor change
- Not traditional wallpaper
- No wall damage or residue
- No wallpaper paste or mess
- No labor / installation cost

*Finally, slipcovers for your walls!*

Sincerely,

The casart crew

There are many updates since our last newsletter. Please click our [Press Page](#) to catch all of the latest buzz.

Our new blog link, [Slipcovers for Your Walls](#) (casart blog), is where we post a lot of conceptual interior design ideas, three times a week. It's also for customers and interior designers to post their interiors, where they've used casart. Decorative dilemmas and ways to use casart™ are discussed here. It's a great way to get a dialogue going, get free consultations and exposure for interior design work using casart.

Thanks to your support, we are one of the recipients of the [Leading Moms in Business Award](#). We have a new [Facebook](#) page where you can become a fan. You can also find us on [Twitter](#) and [Youtube](#), where you can see our videos with Eddie Ross.

We invite you to check out our products at the links in the sidebar and sign up for our newsletter. Also, feel free to forward this announcement to your friends and those interested in interior design.
